Region 2000 Services Authority 828 Main Street, 12th Floor Lynchburg, VA 24504 Phone: (434) 845-3491

Fax: (434) 845-3493

Regular Meeting Date: October 25, 2023; 2:00 PM

Location: CVPDC Offices 828 Main Street, 12th Floor Lynchburg, Virginia 24504

Meeting Minutes

Members Present:

Greg Patrick, Lynchburg

Frank Rogers, Campbell County - Chairman

Susan Adams, Appomattox County Candy McGarry, Nelson County

Staff Present:

Alec Brebner Sandy Dobyns Kirsten Trautman Clarke Gibson Elliot Inge

Others:

Bill Carwile Bill Hase Scott Pasternak Eric Weiss Philip Kramer

1. Welcome and Considerations

Frank Rogers welcomed everyone and officially called the meeting to order at 2:00. There was no electronic participation by board members.

2. Public Comment

No public comment was made at this time.

3. Minutes of Regular Meeting, June 28, 2023,

Frank entertained a motion to approve the regular meeting minutes.

Greg Patrick made the motion for approval. Susan Adams seconded the motion of approval. All were in favor. The motion passed.

4. 2023 Review: Financial Assurances and Capacity Analysis Discussion

R2KSA 1/24/24 Page 2 of 26

Clarke explained that each year a financial letter is sent out describing the liability based on value by percentages of member waste plus the market waste. The financial assurances are for the closure/post-closure period, a total of 30 years. Staff is working on clarifications to the financial statements of the Authority.

Of note, tonnage is running higher than projected while expenses run behind schedule. According to the tonnage trends, the landfill will be at capacity by the end of 2028 yo the beginning of the calendar year 2029. Clarke continued stating that the landfill currently has 31% capacity left.

Candy asked if he knew what cubic yard conversion method is used to get that number.

Clarke explained that each landfill has a landfill utilization factor of 1,400 lbs. per cubic yard. Region 2000 is using around 1,421 lbs. per cubic yard. He stated that Bill Hase, who wrote the report, would be able to give more information about this if they need it.

Bill explained the utilization factor is the capacity given over a certain period divided by tons of waste, and the soil cover. Bill stated that 1,421 lbs. is the historic average that they calculated over a few years and does include the compaction rate. With these calculations, they have concluded the ending year for the landfill being 2028-2029.

5. 2024 Budget Planning: Employee Compensation Study Discussion

Alec explained that the PDC conducted its last complete compensation and classification study in 2014, which included Region 2000. Staff would ask the board to consider refreshing the study specifically for Region 2000 employees. If implemented, it would cover the five remaining years of capacity in Cell 5 at Livestock Road. Such a study would investigate strategies for employee retention implemented by other public organizations in which sunsetting is in their range of outcomes.

Clarke added that this would help ensure they were not losing staff before the landfill closure in 2029. Budgeting for a current compensation study needs to be considered with no need for a final vote. Staff wanted to start the conversation.

Susan said that she believed that a salary study is warranted with the stipulation that employees be aware that this wouldn't mean a raise necessarily. She asked if severance would work for employees who are still there at the end of the five years.

Greg asked Clarke how it would work to keep an employee after the closure. Clarke explained that once the landfill is closed, they will need to keep staff there for around six months to make sure the transitions go smoothly, then after that, 1 to 2 employees will still be kept on for daily maintenance for the entirety of the closure period.

Candy commented saying she believed that this employment fund should be covered by the closure/post-closure fund.

R2KSA 1/24/24 Page 3 of 26

Frank stated that he agreed with Susan that the study would need to be done; however, he was hesitant about a compensation study. Since the study may come back with the answer of raising the operations price, Frank asked if they were indeed ready to do that but stated that his opinion would be to focus on retention.

6. Organizational Reports

a. Administration

a. Audit Update

Alec said that the annual audit is underway and will be presented at the January 2024 Services Authority meeting.

b. Land Gas of Virginia, LP v. Region 2000 Services Authority

Alec stated that legal counsel was approaching a settlement agreement in this case per direction of the previous board meeting.

c. Financial Report and Balance Sheet, FY24-Q1

Sandy stated that the budget is currently on track. The board would notice that, regarding equipment costs, they did have some unexpected repairs for larger equipment that needed to be done.

Regarding the balance sheet, Sandy pointed out that, per the last meeting's questions about how they were allocating for excess revenue, they have reallocated everything in the LGIP accounts to make this information clearer. They're showing what was due to Lynchburg with interest, Campbell County, and the airspace reserve.

Susan asked, regarding the Airspace Reserve fund, what interest is connected to the fund?

Sandy explained that all the LGIP accounts are interest-bearing accounts and clarified that the balance for the airspace reserve fund includes the total plus the interest.

Susan asked about the closure/post-closure fund balance million and what that includes. Susan also referred to the budget reimbursable line and wanted to clarify that this was also showing the revenue.

Sandy explained the accruals and expenses.

Susan recalled that at the previous meeting, she had inquired about the insurance rates and wanted to see if the board had an update on that. She asked also if they cover employee insurance.

Sandy advised that the PDC pays a portion of this and that she would be able to get the rates for her.

R2KSA 1/24/24 Page 4 of 26

Candy spoke up saying that at the previous meeting, they had discussed an additional 2% salary increase and wondered if that was going to be implemented this fiscal year.

This was not done, and the staff was instructed not to include this. Clarke explained that there are a few vacancies, savings from which could be used for the 2% increase.

Frank Rogers entertained a motion to authorize a 2% raise, taken from the vacancy savings, to start on December 1.

Greg Patrick made this motion and Susan Adams seconded this motion. All were in favor. The motion passed.

b. Director's Report

a. Updated Financial Pro Forma

Burns and McDonnell staff provided its annual pro forma document that forecasts finances for the Authority through the life of the landfills' capacity. Clarke introduced Scott Pasternak, who addressed the board and reiterated that they encouraged to have tipping fees looked into and consider raising thse as well. Eric Weiss walked the board through the annual pro forma.

Candy clarified that based on what the pro forma was showing, any contributions made to the closure/post-closure could reduce that future tipping fee to cover the cost.

Eric confirmed this, showing that the tipping fee could be reduced by 2-3 dollars in FY25 relative to the number reported on the document.

Candy then asked if the market rates were comparable to what other authorities were charging.

Clarke said their prices were competitive with the market rates of other localities.

Greg stated that the longer they wait to increase tipping fees, the larger the tipping fees will need to be later and the larger the amount that will have to be paid when the closing of the landfill happens.

b. Future Planning Reports

The future planning report first offered in the Authority's summer meeting was updated for reference. Lynn Klappich of Draper Aden developed timelines for hypothetical expansion and transfer station scenarios for Region 2000.

c. Tonnage Report

R2KSA 1/24/24 Page 5 of 26

Clarke stated that year to date the tonnage is higher and on track with the projected market rate.

d. Odor Report

Clark explained that since their last meeting in June, they have had three complaints from one address.

7. Adjournment

Susan Adams made the motion to adjourn the meeting. Candy McGarry seconded the motion for adjournment. All were in favor. The meeting ended at 3:09 pm.

R2KSA 1/24/24 Page 6 of 26

Reciprocal Agreement Between Region 2000 Service Authority and Bedford County, Virginia, for Emergency, Temporary Disposal of Non-Hazardous Municipal Solid Waste

THIS Reciprocal Agreement ("Agreement") is made and entered into as of this 12th day of December, 2023, by and between the Region 2000 Service Authority, an authority organized pursuant to the laws of the Commonwealth of Virginia by Campbell County, the City of Lynchburg, Nelson County, and Appomattox County (hereinafter referred to as "Region 2000), and Bedford County, Virginia, a political subdivision of the Commonwealth of Virginia (hereinafter referred to as the "County").

WHEREAS, currently, Region 2000 operates waste disposal facilities for the disposal of municipal solid waste originating from Campbell County, the City of Lynchburg, Nelson County, and Appomattox County, such facilities consisting of the Landfill located at 361 Livestock Road, Rustburg, Virginia; and,

WHEREAS, currently, the County operates waste disposal facilities for the disposal of municipal solid waste originating from the County of Bedford and the Town of Bedford, such facilities consisting of the Bedford County Transfer Station and Landfill; and,

WHEREAS, currently neither party is authorized to use the other party's waste disposal facilities in the event of an emergency; and,

WHEREAS, each party desires to have a temporary alternative for the emergency disposal of municipal solid waste in the event an unforeseen emergency circumstances were to shut down or render its waste disposal facilities inoperable; and,

WHEREAS, such an agreement is in the public interest and is appropriate to protect the public health, safety, and welfare; and,

WHEREAS, Region 2000 and the County desire to set forth herein the terms and conditions applicable to such emergency, temporary disposal of non-hazardous municipal solid waste at and through each other's facilities.

Witnesseth:

For good and valuable consideration, including the mutual promises contained herein, RVRA and the County covenant and agree, each with the other, as follows:

1. Use of Disposal Facilities. In the event one party's waste disposal facilities are shut down or rendered inoperable due to an unforeseen emergency circumstance, including, by way of example, act of God, storm, flood, landslide, earthquake, fire, war, environmental incident, operational problems, or the order or judgment of any local, state, or federal court, administrative agency, officer, or body, each party agrees to make its respective facilities for the disposal of municipal solid waste available to the other, subject to and on the terms and conditions set forth herein. The party whose disposal facilities are shut down shall use due diligence and good faith efforts to put its waste disposal facilities back into operation as soon as possible.

R2KSA 1/24/24 Page 7 of 26

- 2. <u>Term.</u> The initial term of this Agreement shall be from December 12, 2023, terminating at midnight on June 30, 2024, except as renewed as hereinafter set forth; thereafter, this Agreement shall automatically renew for additional one year terms, the first such term commencing July 1, 2024 through June 30, 2025 provided, however, during the initial term or any subsequent one year renewal term, this Agreement may be cancelled and terminated at any time by either party without cause or any liability upon 30 days written notice to the other party.
- 3. Disposal of Acceptable Waste Only. Only non-hazardous, "municipal solid waste", "industrial waste", "agricultural waste", "construction waste", "debris waste", or "demolition waste" as defined in the Virginia Department of Waste Management Regulations, as amended, that is collected and delivered by solid waste collection vehicles owned or contracted by the municipal entities comprising Region 2000 and the County. Commercial haulers with monthly charge accounts with Region 2000 and the County may be disposed of under this Agreement if either party elects to include this solid waste stream during the temporary usage period. All waste shall ultimately be disposed of at a facility that is properly licensed and approved by the Commonwealth of Virginia for acceptance of municipal solid waste in compliance with all applicable laws and regulations. Each party reserves the right in its sole discretion to determine whether any waste is acceptable for disposal under this Agreement. Under no circumstance shall either party accept or be deemed to have accepted for disposal any hazardous or unacceptable waste which it would be precluded by applicable law from accepting, including, without limitation, medical, infectious, or hazardous waste. In the event the receiving party determines that hazardous or unacceptable waste has been delivered for disposal under this Agreement, the receiving party shall immediately notify the sender and the sender shall immediately arrange for the proper collection, removal, and disposal of such waste in compliance with all applicable laws and regulations; should the sending party fail to do so, the receiving party shall be authorized to take any and all actions necessary to collect, remove, and dispose of such unacceptable waste and the sending party shall be responsible for and shall pay the receiving party for any and all related costs and expenses, including any consultant and\or attorney's fees.
- 4. Operational Requirements. Any emergency disposal of municipal solid waste by one party at the other party's facility pursuant to this Agreement shall be subject to and in compliance with the following terms and conditions:
- a. Prior to any such use, the requesting party shall give the other party prior written notice of: (i) the nature of the emergency; (ii) the estimated duration of the emergency use; and, (iii) the estimated daily amount of municipal solid waste requested to be delivered for disposal. Any such use shall be subject to the prior written approval of the receiving party's Chief Executive Officer/Executive Director or other authorized official.
- b. Each party reserves the right at any time to determine the disposal capacity of its facility and to refuse to accept any waste from the other party if acceptance would exceed available capacity.

R2KSA 1/24/24 Page 8 of 26

- c. Such use and all waste transportation and delivery operations shall be subject to all applicable laws, rules, regulations, and procedures, including, without limitation, the receiving party's rules, regulations, and procedures and normal days and hours of operation, unless otherwise agreed in writing by both parties.
- d. No tractor trailers shall be used to deliver waste for disposal, without written approval from the receiving entity. Standard compactor vehicles and roll-off containers not exceeding 40 cubic yards may be used for delivery of waste for disposal.
- e. To the extent permitted under applicable law, each party shall be responsible for and shall pay for any and all claims, suits, damages, fines, penalties, loss, liability, including any required cleanup or remediation, for damage to property, death, or personal injury of any kind, including reasonable attorney's fees, resulting from or arising out of: (i) the activities or presence of its employees, agents, or contractors on the other party's premises; (ii) its delivery, handling, or disposal or attempt to dispose of any hazardous or unacceptable waste as defined herein; or, (iii) its violation of any law, rule, regulation, or procedure.
- 5. Rates and Billing. The disposal rate under this Agreement for all acceptable municipal solid waste, as defined in paragraph 3 above, shall be the municipal disposal rate prevailing and charged by the receiving party at the time of disposal, plus \$3/per ton. The receiving party shall provide the shipping entity with documentation showing the amount of waste, in tonnage, delivered by each hauler emanating from the shipping entity's service area.

WITNESS the following signatures, fully authorized to enter into this Agreement:
Region 2000 Service Authority:
By:
Bedford County, Virginia: By: Robert Hiss, County Administrator
Approved As To Form:
Dato: 12/14/2023
